INTERNATIONAL AIRPORT**
CẢNG HÀNG KHÔNG QUỐC TẾ ĐÀ NẴNG

DA NANG INTERNATIONAL AIRPORT

To all our Valued Partners and Customers,

Da Nang City is positioning itself as a significant economic, tourism, and logistics hub in Central Vietnam.

Da Nang International Airport (DIA) serves as the key aviation gateway, connecting the region to global destinations through its modern infrastructure, professional services and a vision for sustainable development. DIA not only contributes to the City's growth but also actively strengthens passenger experience and aviation network expansion. We are firmly committed to be a safe, civilized and dynamic destination, supporting the strong development of the City and wider region.

This is a moment for us to unite and together begin a new chapter, propelling Da Nang International Airport to new heights and further securing a prominent place on the global aviation map.

We wish all our Valued Partners and Customers great health and success, and look forward to continued partnership on our journey ahead.

Sincerely yours,

Phan Kieu Hung

Director of Da Nang International Airport

V - ACHIEVEMENTS & DEVELOPMENT

MAJOR PROJECTS

1. Expansion and reconfiguration of Terminal 1 at Da Nang International Airport

- Expanding Terminal 1, the total capacity after expansion and renovation will be 14 million passengers/year.
- Estimated Project Timeline: 2026 – 2028.

2. Cargo Terminal Construction

- Airports Corporation of Vietnam - JSC is investing in a new cargo terminal with a capacity of 100,000 tons of cargo per year.
- Estimated Project Timeline: 2025 – 2027.

DIGITAL TRANSFORMATION PROJECTS

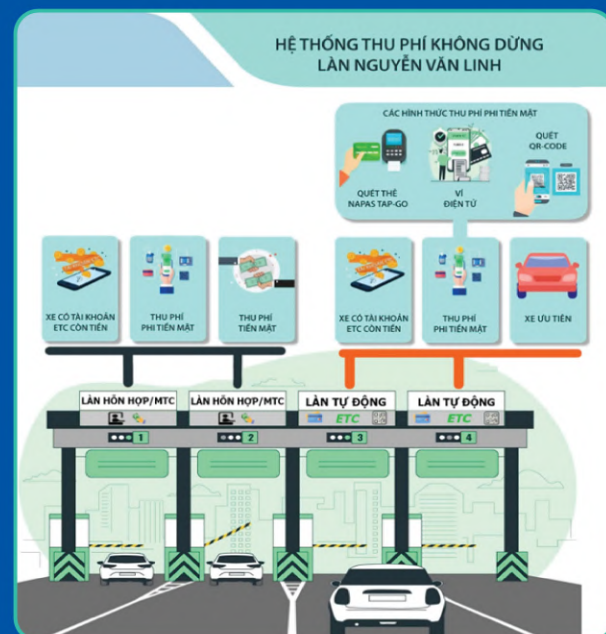

1. Paperless Biometric Flight Procedures:

Da Nang Internatinal Airport is officially rolling out paperless check-in procedures using facial recognition (Face ID) integrated with the VNeID electronic identity application

2. A non-stop Electronic Toll Collection (ETC) system at the two toll booths of Da Nang International Airport:

The implementation of this ETC system helps reduce traffic congestion and CO2 emissions, making the toll collection process transparent, and providing convenience for vehicles entering/exiting the airport, especially during peak tourist seasons.

CERTIFICATION

Da Nang International Airport was ranked in Skytrax World's the Top 100 Best Airports and the World's Top 10 Most Improved Airports for two consecutive years (2024–2025)

Achieved ISO 9001:2015 Certificate
For Management, operation of airports and providing services of:
- Non-aviation
- Aviation training

Achieved ISO 50001:2018 Certificate
For Managing, operating and maintaining of technical systems consuming electricity for airport operation (domestic terminal and operation building)

HIGHLIGHTED EVENTS

Aviation security forces implemented special protection measures for state leaders' aircraft attending the APEC Vietnam 2017 Summit in Da Nang

Da Nang International Airport ensured absolute safety and security during the 2017 APEC Economic Leaders' Week

TECHNOLOGY AND INNOVATION

Self-bag drop system

Video call kiosks

Multi-language information browsing screens

AI camera system

Automatic toll collection system

Paperless check-in using Face ID verification on the VNeID application

Welcoming inaugural flights and new international airlines at Da Nang International Airport

The Airports Council International (ACI) Asia-Pacific and Middle East regional international aviation security conference took place in Da Nang in November 2024.
